

# Alisson Alcântara Amaral da Silva

São Paulo, SP/Remote • +55 (11) 99939-3871 • Email: [aalissonamaral98@gmail.com](mailto:aalissonamaral98@gmail.com) • [linkedin.com/in/alisson-amaral](https://linkedin.com/in/alisson-amaral) • [github.com/alisson-amaral-silva](https://github.com/alisson-amaral-silva) • Portfolio

## Summary

---

Front-End Engineer with experience in React, NextJS, Javascript and TypeScript, with a focus on performance (Core Web Vitals), accessibility (WCAG 2.2), and design systems. Experience with component architecture, SSR/SSG, REST/GraphQL integrations, testing (Jest, React Testing Library, Playwright), and CI/CD. Collaboration with worldwide cross-functional multicultural teams in different time zones, working together with Product/Design/Back-End to deploy features that drive conversion, engagement, and stability.

## Experience

---

### Globant

**Location (Remote/São Paulo - Brasil)**

*Front-End Software Engineer*

*April / 2024 - Present*

- **Development:** Scalable web applications with high performance with React/NextJS.
- **Performance:** optimizations of bundle/SSR/cache/CDN
- **Integrations:** robust REST/GraphQL consumption with caching, error and loading states.
- **Quality:** Jest/Playwright and CI/CD (coverage, lint, type checks) reducing regressions.
- **Global collaboration:** daily cooperation with international cross-functional multicultural teams (Design / PM / BE / QA), synchronizing releases across several time zones with English-first sync/async docs.

### Iteris

**Location (Remote/São Paulo - Brasil)**

*Full-Stack Software Developer*

*May/2018 - March 2024*

- Delivered sustainable and scalable code on multiple stacks (React, Angular, Next.js, Javascript, Node.js, Express, .NET).
- **Global collaboration:** regular interaction with global, multidisciplinary, multicultural teams, leading agile ceremonies, cross-team alignments and stakeholder communication in English.

## Skills

---

- **Front-End:** React, Next.js (Page Router/App Router/SSR/SSG), TypeScript, Redux, React Query/SWR, MUI/Tailwind, Styled-Components, Sass, React, Next.js image optimization and lazy loading
- **Quality:** Jest, React Testing Library, Playwright, Storybook, Cypress
- **Performance/A11y:** Webpack/Vite, WCAG 2.2, i18n
- **Back/Infra:** Node.js, Express, GraphQL, RESTful APIs, Docker, GitHub Actions/Jenkins, AWS, CDN
- **Observability:** GA4
- **Practices:** Design System, TDD/CI/CD, Agile/Scrum
- **Global Collaboration (async/remote):** intercultural communication, English-first documentation, multi-timezone coordination
- **Languages:** Portuguese (mother tongue), English (advanced/C1), Spanish (intermediate/B1)

## Education

---

### Fiap

**Location (São Paulo, Brasil)**

*BSc of Information System (similar with computer science)*

*Jan 2016 - Jan 2019*
